

SERVING | WEEK 2

Going to a level deeper in discerning my gifts

Think | Process and answer these two questions in the areas of gifting and passion:

Gifting

What are some natural gifts, aptitudes, life experiences, or skills God has given me that might be used to serve others? Where has God brought fruit through me in serving others?

Passion

What are ministries I'm interested in or care about? What are things in life, inside and outside the church, I'm passionate about? What areas of ministry or roles within the church do I have a desire to serve in?

Do | Ask other believers or leaders who know you well at your church to speak into your life. Ask them what spiritual gifts, skills, talents, or abilities they see in you that might be used to serve others. Ask them how they could see God using you to build up the body of Christ or reach those apart from Christ. Ask them to pray for you to take next steps in serving others and to ask you how things are going over the next couple of weeks.
