COLLEGE PARK CHURCH

## OUR GOAL

College Park Church is excited about offering free Biblical counseling to those who are members outside our own covenant community. We desire to care for the global body of Christ and build them up in the knowledge of our Savior. Our mission is not to “steal members” from healthy churches, but support churches who do not have the resources to offer formal Biblical counseling. Therefore, if you’ve committed yourself to another local church family, we would ask that one of your church’s leaders approve your participation with College Park Church’s Soul Care team ministry. This will help us care for you in the most biblically sound manor, which is ultimately for your good and Christ’s glory.

## CHURCH LEADER (elder, pastor, overseer):
